GERMANY'S THREAT OF GREAT SPRING OFFENSIVE IN WEST NO LONGER IMPRESSES THE AMERICAN MILITARY AUTHORITIES

In Spite of Vast Preparations by the Enemy.

Belief Grows that No Offensive Will be Launched by Teutons Unless They Are Compelled to Do So.

War Department's Weekly Review Presents Some New Phases.

Period of Inactivity on Western Front Continues.

By Associated Press Dispatch.

Washington, March 18.—Germany's threat of a great spring offensive on the western front no longer impresses American military men.

In its weekly review today the War Department records the conclusion that the enemy, in spite of his vast preparations, will not take the offensive unless forced to do so.

This confirms the opinion many officers have expressed for weeks in face of official forecast to the contrary.

"While hostile preparations for an offensive are not slackening," the review says, "it is becoming more evident the enemy will launch the offensive only if compelled to do so."

The nature of the information upon which the opinion is based is not disclosed. It is noted that fresh German divisions have arrived on the western front and German lines are said to be approaching the point of density beyond which it would be impossible to operate without choking communication lines and hampering free movement of reserves. Apparently this concentration has come to be regarded as a defensive and not an offensive movement.

Much of the statement is devoted to the activities of American troops engaged on five sectors of the sector near the Swiss border. The official communication adds nothing to recently published reports of raids.

Elsewhere on the western front the experts find no evidence of impending major activity by either side. The period of inactivity is being prolonged.

CAN'T ANSWER ALLIED PROPOSAL IN AFFIRMATIVE

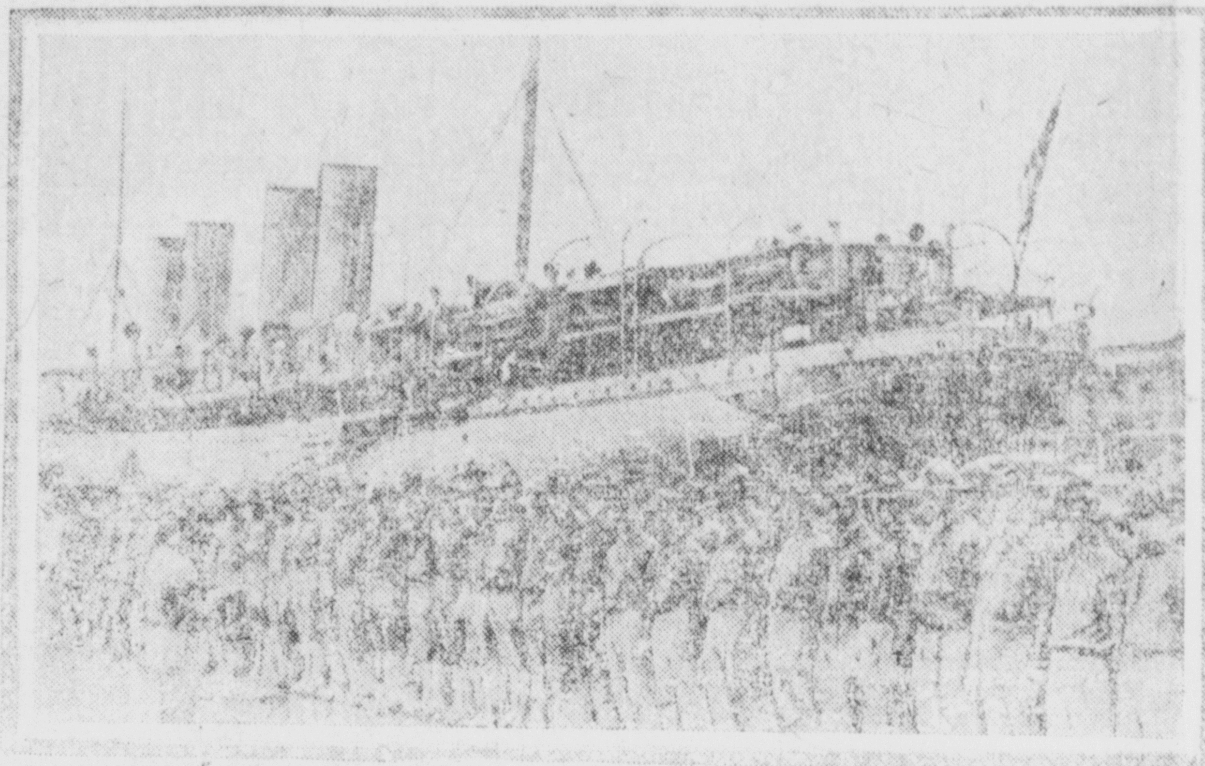

Holland Says Allied Proposal Is Act of Violence.

(Associated Press Cable)

The Hague, March 16.—It is impossible for Holland to give an affirmative answer to the Allied proposal concerning Dutch ships, says the Nieuwe Courant.

"It is an act of violence," it adds, "to which we are subjected by the rulers of the ocean, and nothing makes us so bitter as the attempt being made to base it on the so-called rule of international law."

ROLLCALL AFTER LONG TRIP ACROSS

ARRIVED "OVER THE HILLS" American soldiers lined up for roll-call after safe arrival at a French port. The men are ready to make the march into the training camps where they will receive final training for their part in the great war. The transport abroad which the man came over can be seen in the background.

WILL PROCEED TO TAKE OVER U. S. PROPERTY

Germany Notifies Spanish and Swiss Ambassadors that the Same Course Will be Followed as that Adopted by America.

(Associated Press Cable)

London, March 18.—The Spanish and Swiss ambassadors at Berlin have been directed by the German foreign office to notify the American government that Germany will proceed with measures against American property in Germany in the same proportion that action is taken against German property in the United States, an Amsterdam dispatch reports.

Hitherto it is stated in the Berlin advices announcing this action, the German government has restricted itself to measures "absolutely necessary to prevent enemy property in Germany being taken out of Germany during the war and thereby possibly benefiting Germany's enemies."

WON'T LOSE MUCH

By Associated Press Dispatch.

Washington, March 18.—There is one hundred times as much German property in the United States as American property in Germany, according to estimates presented recently to a Senate committee by the Alien Property Custodian.

The greater part of American property in Germany is represented in Standard Oil Company interests. The German law enables the German government to do with American property exactly what Congress now is being asked to do with German property in America.

DEATH SUMMONS AGED MOTHER

By Associated Press Dispatch.

Chicago, March 18.—Mrs. Tiny Johnson, aged 74, mother of Jack Johnson, former heavyweight champion pugilist, died at her home here last night.

Johnson, who is said to be in Buenos Ayres, is a fugitive from justice. For a brief time Mrs. Johnson knew a prosperity and notoriety such as seldom comes to a colored mammy but the reporter who visited Wabash avenue today, saw the mute testimony of fallen grandeur, a sign reading, "boarders wanted."

PROPOSAL TO FOREGO REPRISALS DEBATED

(Associated Press Cable)

Paris, March 16.—An important debate appears to be in progress in the Chamber of Deputies on the subject of reprisals for aerial attacks on Paris.

Recently there has been a revival of the decision concerning the possibility of an agreement on the part of belligerents to cease reprisals of all kinds, particularly over open towns.

This discussion originated in the report that the Central Powers had made a proposal to this effect through neutrals, at the same time agreeing to give up the use of gas and liquid fire at the front. Since that time the Germans have intensified their air raids.

FIRE DAMAGES COUNTY HOUSE AT CHILLICOTHE

Camp Sherman, March 18.—Fire of unknown origin did \$10,000 damage in the community group at Camp Sherman at noon today, when the Masonic building was partly destroyed.

Camp fire companies and the entire Third hundred and thirty-second Infantry Regiment was called.

The blaze was stopped after the entire second floor and the roof had been burned away. No one was hurt but 22 guests lost their personal effects.

OFFICIALS ROUND UP QUARTETTE OF SPIES

By Associated Press Dispatch.

New York, March 18.—Two men and two women of foreign birth living in fashionable quarters here and said to have had code correspondence with foreign officials, today were arrested by agents of the Department of Justice and turned over to immigration authorities for deportation.

Federal officials said that the four together with others, some of them Americans, appeared to have been "connected with activity in behalf of the enemy."

Although the four stopped at different hotels and apartments they are said to have been associated in activities objectionable to the government.

One of the women is said to have admitted receiving \$3,000 from Count von Bernstorff.

MUST REPORT ON MARCH 29

Ohio Is to Furnish 6955 in New Call.

By Associated Press Dispatch.

Columbus, O., March 18.—Men of the selective draft who have been ordered to report in the five days beginning March 29th, for active service, will be sent to Camp Sherman.

Ohio is to furnish 6,955 selects in the call. Practically all of them will be assigned to the depot brigade of the Eighty-third National Army Division.

SEIZURE OF DUTCH SHIPS NOW ASSURED

United States and Great Britain Determined to Take Over Dutch Shipping.

All Arrangements Completed And Await Only Holland's Reply.

By Associated Press Dispatch.

Washington, March 18.—Plans for operation of the Dutch shipping which will be acquired by the United States and Great Britain either through voluntary agreement or requisition were going forward steadily today while the government awaited the reply of Holland to the demands that she accede to the terms of the contract which Germany blocked, or suffer seizure of all her tonnage in American and British waters.

Holland's reply which has been dispatched to London is expected by officials to conclude the negotiations there today.

Seizure of the ships in American waters will be delayed until the reply is received here which may not be until tomorrow.

New York, March 18.—All arrangements for the seizure of taking over by the United States of the Dutch ships now in New York harbor, set for tomorrow were completed today by representatives of the United States Navy and representatives of the Shipping Board.

The actual hour of transfer of control of the vessels has not been announced, but it will be about noon, a 24-hour delay from the time originally set.

The method of procedure, it is understood, will be similar to that followed in the seizure of the German vessels, with the exception that the Dutch officers and crews will not be treated as prisoners.

BARNES CALLED TO TASK FOR UGLY REMARKS

Army Officers Take Exception to Talk of Former New York Politician.

By Associated Press Dispatch.

New York, March 18.—For making a remark which two Army officers in his company construed as being unpatriotic, Wm. Barnes, formerly Republican leader of New York State, was taken to a police station yesterday, where, after Barnes made explanation, the complainants' charges were withdrawn, it was learned from examination of police records today.

JUST ONE PRINCE AFTER THE OTHER

GRAND DUCHESS OF LUXEMBURG

Inhabitants of Luxembourg, including two judges have arrived in Zurich, and according to cable reports from Switzerland, declare that the refusal of the young Duchess of Luxembourg to accept a Prussian Prince as a husband continues to cause the greatest irritation in Berlin royal circles. Nearly every three months a new Prince is sent down to Luxembourg and the Duchess is obliged to receive them. The Grand Duchess of Luxembourg, now twenty-four years of age, succeeded her father in 1912. She was educated by a French governess. It is said that when the Kaiser passed through Luxembourg a fortnight after the German army had invaded the country and called to pay his respects, the Grand Duchess declined to receive him.

PEACE TERMS DENOUNCED BY RUSS LEADER

By Associated Press Dispatch.

Washington, March 18.—Russia's acceptance of the German peace terms was denounced here today by Boris Bakimmetoff, the Russian ambassador who last November formally repudiated the Bolshevik government.

The conditions imposed by Germany, the ambassador declares, threaten the existence and independence of the country. The Embassy, he declares, will continue to advocate co-operation with the allies in the war on Germany.

SEVERE PENALTY NOT IMPOSED

By Associated Press Dispatch.

Washington, March 18.—Despite Secretary Baker's expressed view that mere dismissal from the service is not heavy enough penalty for army medical officers convicted of neglecting their soldier patients, an army court martial has declined to impose a more severe sentence on First Lieutenant John E. Dwyer, tried for not giving proper attention to a private at Camp Funston.

The original findings were returned for review, and the court martial held to its original sentence.

PRISONERS TAKEN BY FRENCH IN LATE RAID

By Associated Press Dispatch.

Raiding parties have been very active the past few days on the French front. In four raids Saturday, 130 German prisoners were returned to the French lines, the French official statement declares. The largest raid was carried out at Cheppy Wood, northwest of Verdun, where German trenches were entered on a long front, and where 80 German prisoners were captured.

Activities on the British front have slackened somewhat and only small raids are reported in dispatches from the front.

The important sector of the Western front which for a considerable time has been held by the French, has been taken over by the Belgians.

That King Albert's new arm has been able to assume this additional burden speaks highly for the condition of this comparatively small fighting machine.

The Germans continue their forward march into Russia. In a Saturday Moscow dispatch the capture of Baklanovich and Konotop, about 350 miles southwest of Moscow, by the Germans, was reported.

WORSTED BY AMERICANS

By Associated Press Dispatch.

With the American Army in France, March 15.—American artillery last night again bombarded supposed gas projectors detected in the German lines northwest of Toul. Photos taken later showed the complete destructiveness of their gunfire. The enemy replied rather weakly but maintained frequent fire during the night.

There has been no infantry activity except the usual patrols in no man's land.

The German artillery fire has been decreasing in intensity, indicating the enemy finds it too costly to keep up with the American fire.

TREMENDOUS INCREASE IN RAILROAD EQUIPMENT

By Associated Press Dispatch.

Washington, March 18.—Purchase of several hundred locomotives and thousands of freight cars will be one of the first acts of the railroad administration after President Wilson signs the bill.

These will be bought on bids from manufacturers and manufacture will be based on standards to be determined by Director-General McAdoo.

STATE OFFICIALS LAUNCH DRIVE TO STOP BOOTLEGGING

Five Arrests Made Upon Grounds
of Selling Liquor Without Li-
cense or Keeping a Place—
Men from Liquor License Com-
mission Here.

As the result of an exhaustive in-
vestigation made in this city by spe-
cial officers of the State Liquor License
Commission, co-operating with Mayor
V. J. Dahl, five arrests have been made
upon charges of keeping a place
where intoxicants are sold, or of sell-
ing liquor without a license, and most
of the men will be tried Tuesday, be-
fore Mayor Dahl.

The affidavits for the arrest of the
five men were filed before Mayor Dahl
by J. B. Galloway, and A. J. Tumbaugh
the men who conducted the memor-
able crusade against bootleggers in
Greenfield, and gave that town a
clean-up that is still remembered.

The five men arrested, the charge
against them, and when their trials
will take place, follow:

Jack Kennedy, selling without li-
cense, Tuesday afternoon at one
o'clock.

Joe Tapisco, keeping a place where
intoxicants are sold, nine o'clock Tues-
day morning.

Lee Taylor, keeping a place, Tues-
day afternoon at two o'clock.

George Scott, selling without a li-
cense, nine o'clock on March 21st.

John Manns, white selling without a
license, nine o'clock Tuesday.

The state inspectors gathered a
considerable quantity of evidence
while here, and Mr. Galloway recent-
ly stated that he is positive that con-
victions will be obtained in all cases.

A former charge against Joe Tapis-
co was dismissed, and the charge
above mentioned is a new one.

Most of the accused men retained
attorneys, while Solicitor T. T. Junk
will be assisted by Attorney Pope
Gregg, former solicitor.

Mayor Dahl declared Monday that
bootlegging must be stopped in the
city, and he expects to see that the
laws against it are enforced.

EIGHTY-THIRD WILL NOT GO ABROAD SOON

By Associated Press Dispatch

Washington, March 17. — The
Eighty-third National Army Divi-
sion, stationed at Camp Sherman,
Chillicothe, will not see early ser-
vice in France. From present in-
dications the Eighty-third Division
will not go to France until well
along toward the end of the pres-
ent year, if then.

This information is learned au-
thoritatively at the War Depart-
ment. Half a dozen or more of
the National Army Divisions are
listed to be sent to France dur-
ing the next few months, their ex-
act time of departure depending
upon transportation facilities.

The Eighty-third Division is not
on the list of those to go, as far
as the list has been made up, and
no steps have been taken looking
toward sending it across the
ocean.

YOUNGSTOWN TO REBUILD TOWN

By Associated Press Dispatch

Youngstown, O., March 18.—Bou-
choir, scene of some of the fiercest
fighting on the Somme, has been as-
signed to Youngstown and will be re-
habilitated by funds to be raised here.
The village is largely in ruins, and
walls which were left standing have
been roofed over to give shelter to the
25 of the original 500 inhabitants who
have returned.

A committee has been formed to re-
ceive donations to erect semi-perma-
nent houses of stucco and to provide
necessities of life. Mrs. John A. Lo-
gan, who was instrumental in obtain-
ing the assignment, has received word
that the French government expects

parently was sunk, according to offi-
cers of the American vessel. One of
the crew on the tanker was wounded
by a shell fired by the submarine.
Two other shots struck the American
ship, which was not seriously dam-
aged. The fight took place in the
Bristol channel on Feb. 24.

Sympathy for Russia

Advices from Moscow, seemingly reliable, are to the effect that Russia has made her final bow in the great drama of the world war and withdrawn, disgraced and ruined, into the deep shadows.

The All-Russian congress of Soviets has ratified the humiliating peace terms dictated by the Kaiser and his war lords and, while there are some optimistic observers who still cling to the hope that the Russian masses will repudiate the action of the Soviet, there is little save hope left even to them. The great empire of Peter the Great has become, through the villianous work of Lenine and Trotzky, the one craven coward among the nations.

While we may, in a sense, have a feeling of sympathy for the Russian people, that sympathy fails to lessen, materially, our feeling of contempt. Russia has brought her misery upon herself. A people who would submit to the usurpation of power by men who have advocated and brought to final culmination her miserable disgrace are entitled to but scant sympathy.

The problem now is how to deal with the condition which presents itself and undoubtedly it is the most grave problem of the many with which statesmen of the allied nations have been confronted since the war began.

Our ally in the far East is pressing for permission to enter more actively into the work of war, fearing, justly, German aggression in Russia as a menace and having looked, with longing, upon the vast stretches of Russian domain in the far East. Japan is not content to see the Russian empire fall to pieces bit by bit and not gather in some of the wreckage. On the other hand is the possibility of forcing Russia's near two hundred millions of human beings under the control of Prussia's war lords who can weld them into a monstrous fighting force.

While it is natural that we should view Russia much as we would a dumb ox, yet even when the ox pulls the load part way up the hill and then balks, better judgment, laying aside sympathy, may dictate that we withhold the lash lest the ox back entirely off the road and bring greater disaster than it would by remaining dumbly and miserably inert.

To express sympathy for the Russian people in their present plight is doubtless noble, but we are inclined to think that, with most red-blooded people, that sympathy, right now, is rather the result of better judgment and calm weighing of effect than an impulse of the heart.

Outposts of Intrigue

By unanimous vote the Senate passes the legislation to authorize the government to sell enemy property in the United States. The House is expected to concur.

Enemy property, as the term is used in this legislation, is property owned in Germany or Austria-Hungary. Official assurance is given that property owned by enemy aliens resident in this country will not be interfered with.

The enactment of this measure is a well-considered move of defense against Prussianism. Much of the property to be sold is owned by the Kaiser himself, either in his own name or otherwise. Most of the rest of it is held by parties close to the German throne. Every piece of such property is in effect an outpost of Prussian intrigue.

America owes it to herself and to her allies to destroy these nests of conspiracy. Both for purposes of war and purposes after we have won the war the country needs to take possession of properties which, experience shows, have been used as part of the machinery for kulturizing the western world.—Cleveland Plain Dealer.

Poetry For Today

OUR HONOR ROLL

They're growing longer, as the days go by,
Those lists of ours of those who fight and die;
Our honor roll I read, my eyes grown dim;
Ah, must it come, this glorious crown to him?

To him who left me with his earnest face
Unsmiling, firm; and in his strength and grace
Strode seaward with his fellows through the snow,
And left me lonely in my pride and woe?

"Well, good by, Dad!" His manly voice I hear,
I know his soul is innocent of fear;
And in my ears his parting words shall be
Forever sweetest of all sounds to me.

But day by day my tearful eyes shall scan
The scroll of them who perish man by man,
Who fall to sleep just when they've won their fate—
Shall scan the scroll in terror of a name.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young — to do this you must watch your liver and bowels — there's no need of having a sallow complexion — dark rings under your eyes — pimples — a bilious look in your face — dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

HOW JOE FOUND HIMSELF

CHAPTER ELEVEN.

The first inkling that Joe had that there was something stirring, was when some of the men in his company had asked for leave and were refused. "No more passes boys," their captain told them. "We leave tonight at eleven o'clock. Your folks will all be informed and you can write when we reach the other side."

Then there was their last dinner at camp, and during it Joe studied the faces of the boys around the table to see how they were taking the news that they were to leave that night for the big, long ride. With some of them it didn't seem to matter a bit,

they ate their dinner as heartily as they had always eaten it. Others made a bluff at eating, while others didn't even attempt to bluff but gazed into space thinking of the ones at home they wouldn't have a chance to see again before they left. Joe, somehow, wasn't very hungry himself, for he did wish he had a chance to see Irma once more before he left.

There were no lights in the train that was to take them to the dock where they were to go aboard the transport. And as they glided along in the moonlight across the country they all knew and loved, many a lad took an extra look at the things he

recognized and wondered when he would see them again. What a difference, thought Joe, from the happy-go-lucky crowd when it first came to camp. Now they were a quiet serious bunch that had at last begun to realize what this war was all about. The faint glow of a cigarette here and there shone dimly in the darkened cars, and once in a while someone would start up "Where do we go from here boys, where do we go from here?" but it was hard to get the rest to join in and it would gradually die out. The train was now slowing down, and from the locality outside they knew they would soon be aboard their ship.

INJURIES FATAL TO WERT MERRIMAN

Mr. Wert Merriman, aged 43 years, passed away Sunday morning at his home on the H. W. Gidding farm, near Milledgeville, after being unconscious since last Thursday.

Mr. Merriman moved from South Charleston to the Giddings farm, and in making a trip by himself, is supposed to have fallen from the wagon and the wagon passed over his body, although he said nothing of this to members of his family.

Soon after his return home he became unconscious and remained unconscious until the end. It was discovered by the attending physician that he had been badly bruised about the hips, and this led to the conclusion that a wagon must have passed over his body.

He leaves a wife and six children. Funeral services will be held Tuesday afternoon at two o'clock, at the Plymouth church, and interment will be made in the S. Plymouth and Milledgeville cemetery.

FARMER DRAFTEES WILL BE THE LAST SENT FOR TRAINING

Under instructions received by the Local Board, the men actively engaged in farming and enrolled in Class One, will be the last ones of each quota to be inducted into military service.

"This is not meant for the benefit of the individual, but for the good of the country in the prosecution of the war," is, in effect, the explanation made by the War Department in announcing the men who are to be sent to camp.

The ruling has been sent to all Local Boards in the United States, where farmers are included in the respective districts.

As a result of the ruling any of the men of Class One in Fayette county who are and have been actively engaged in agriculture, whether as farm laborers, or tenants, or operators of their own farms will be left until the others of the Class who are enrolled in the respective quotas, are sent to camp for military training.

This does not mean that all farmers will be left until the last ones in the entire class, but means that if 100 men are included in Fayette's next draft, or quota, that the men who are not actively engaged in farming will be the first taken from the 100, and the farmers will be the last ones sent to camp for training. Each draft will be sent in the same manner, the farmers being the last of the quota each time.

MODERATE PRICE FOR SEED CORN

The following statement relative to the price of seed corn in Ohio is published upon request:

To Producers and Dealers:

The seed corn situation is so grave and so many inquiries are being received with reference to prices that the following circular is being issued by the Federal Food Administrator for Ohio, after consultation with various departments interested in the subject:

1. Corn from the 1917 crop should not be offered for sale as seed corn unless ear tested, excepting in unusual cases where a composite test shows 90 percent or over.

2. For the 1918 crop a composite test should be sufficient if the corn tests 90 per cent or over. If less than 90 percent germination is shown then an ear test should be made.

(a) A satisfactory composite test may be made by selecting at least three samples—one sample from the upper, one from the lower, and one from the middle part of crib or lot. Each sample should be tested separately, taking from one to three grains from each of the 100 ears. The three tests should then be averaged to arrive at a fair valuation of the total.

3. An excessive price for seed corn threatens to seriously curtail the planting of the 1918 crop. To win

the war it is necessary for every one to make some sacrifices and we urge all producers and dealers to forego the opportunity for larger profits on seed corn so that the largest possible acreage of corn may be grown in Ohio this year. In order that every acre may be planted for which good seed may be found, we request that the following prices and margins be observed in selling and handling the available supply of seed corn in the state.

(a) All ear tested corn should be sold for not more than five dollars (\$5.00) to ten dollars (\$10.00) per bushel. In no case should the selling price of seed corn exceed ten dollars (\$10.00) per bushel, except for pedigreed stock, which is the result of years of careful breeding and selection.

(b) Old corn which tests 90 percent or over by a composite test may also be sold for not more than from five dollars (\$5.00) per bushel to ten dollars (\$10.00) a bushel.

(c) In most cases the seed corn of both the 1916 and 1917 crops should be sold at or near \$5.00 per bushel.

(d) A margin not to exceed one dollar (\$1.00) a bushel exclusive of the cost of transportation, testing and bags is considered a fair margin for the dealer in seed corn.

No one should purchase seed corn without some definite guarantee of germination. No seed corn should be planted which has been grown more than 160 miles south of the location where planted except where grown for ensilage purposes. Were commend that southern seed be planted as far as possible for ensilage purposes, thus making available a larger amount of local seed for the dry corn crop.

FRED C. CROXTON,
SECRETARY.

Federal Food Administrator for Ohio.

SERVICES AT THE BAPTIST CHURCH

The first meeting in the two weeks of pre-Easter Evangelistic services in the First Baptist Church called out a large and interested audience last Sunday night to hear the pastor's opening sermon on the subject, "The Way to Nobler Life and Service."

The singing by the large chorus was pleasing and impressive.

Meetings every night except Saturday beginning promptly at 7:30 with a fifteen minute song service. Special music each night.

The sermons will be short, the meetings brief, and deeply spiritual. The prospects are bright for great results in the church and community.

All are cordially invited. The sermon tonight will have seven texts with only three words, the same in each.

GENERAL PERSHING WANTS BOOKS IN FRANCE

Washington, D. C., March 18, 1918.

If there's a question in anyone's mind as to the value of the work that the Library War Service of the American Library Association is doing, it will be disposed of by an order just issued by General John J. Pershing, commanding the American forces in France, setting aside fifty tons of cargo space monthly for the use of the Association.

This means that at least one hundred thousand books will go to men in France every month, and this number will be very largely augmented by the innumerable small shipments which are being made, and will continue to be made on army transports.

Notice of General Pershing's order is contained in a cablegram from Dr. M. L. Raney, Librarian of John Hopkins University, who is now in France, as a representative of the A. L. A. Library War Service. Dr. Raney is also organizing, as rapidly as possible, the details of the work of distribution. Every available existing agency is to be made use of, to get the books directly into the hands of the men, and such new agencies as may be found necessary, will be established.

On this side dispatch offices have already been opened at two embarkation ports. One has been in operation for about two months, under the direction of Mr. Asa Don Dickenson, and a large number of books have already been shipped. The other is being organized under the direction of Mr. W. H. Brett, of the Cleveland Public Library, and will soon be in operation.

The books which are being sent across are packed in specially built cases, holding about 60 books each, and arranged that when they arrive on the other side they can be bolted three together, forming a compact six-shelf book case, holding about 150 books. The intention is to place at least one of these book cases in every "Y" but Red Cross Station Knights of Columbus Building and Salvation Army Cabin on the other side.

With the transportation problem settled, the A. L. A. is in position to keep a steady stream of reading matter moving to France. The great need now is for books, and beginning March 18th, a nation wide drive is to be conducted for the purpose of securing at least 2,000,000 books by gift from the American people. Every library in the country is enlisted in this drive, and its success is assured once the

public understands the need for these books, and how much they will mean to our fighting men. The A. L. A. will supplement these donations by the purchase of large numbers of technical and military books, which cannot be secured by gift, so that the library placed at the disposal of our soldiers in France will be serviceable and well-rounded ones.

THE SHAMROCK

France has the lily,
England has the rose,
But 'tis in Ireland
That the shamrock grows.

'Tis but a shamrock
From the isle of green,
Saint Patrick's emblem
It has grown to mean.

Loved by the Irish,
On Saint Patrick's day
'Tis the shamrock green,
They fondly display.

Shamrock the emblem
And Patrick the Saint;
Blarney is the tongue
Of this land so quaint.

France has the lily,
England has the rose,
But Irish love the
Land where shamrock grows.

THIS MAN SAYS RHEUMATISM IS A LOT BETTER

Cincinnati Tells How New Tanlac Radium Treatment Helped Him and Describes Its Action.

Robert Malcolm, 68, of 1317 Walnut street, Cincinnati, Ohio, says he has found a certain source of relief in Tanlac Rheumatism Medicine after suffering from the aches and pains of rheumatism for five years. Tanlac Rheumatism Treatment is the new treatment for rheumatism which contains radium.

"I live on the third floor and it used to be that I could hardly climb the stairs to my flat because of the severe rheumatic pains in my knees and the calves of my legs but I can climb up to my flat a whole lot easier now and I've only been taking this Tanlac Rheumatism Treatment for three days," said Mr. Malcolm.

"I'm a carpenter by trade and lots of my work makes it necessary for me to get down on the floor on my knees. The rheumatic pains used to be so bad that I could hardly get to my feet after working on the floor on my knees.

"The pains kept me awake at night, too. Sometimes it felt like my legs were being pulled off of me. The lack of sleep and rest made me feel bad in mornings and sometimes I couldn't go to work.

"I was surprised that Tanlac Rheumatism Treatment should help me so quickly. The pains have gone away so much now that the last two nights I have slept better than I have for weeks. I can get to my feet better after working on my knees, too. Only yesterday I was doing some floor repairing and after I got through with the job I was surprised at how easily I could get to my feet.

"I believe that with a thorough

trial Tanlac Rheumatism Treatment will rid me entirely of my rheumatism and I am sure strong for this medicine and recommend it."

If you suffer from rheumatism get Tanlac Rheumatism Treatment today. Try a real medicine for rheumatism. Try radium! You can get Tanlac Rheumatism Treatment at any good drug store where you get Tanlac, the famous tonic. Advt.

DOCTOR SAYS VINOL IS THE BEST TONIC

Honest Opinion Doctor Gave His Patient

Bedford, Ohio.—"I was in a pitiful condition, weak, nervous, and run down so I could not do my housework. I had doctored for years and tried everything under the sun. A friend told me about Vinol. I asked my doctor about it, and he replied, 'It certainly is the best medicine that can be had today. I couldn't give you any better.' I took it, and today I am as well and strong as any woman could wish to be, and it was Vinol that saved me."—Mrs. Frank A. Horkey, Ash St., Bedford, Ohio.

We guarantee this famous cod liver and iron tonic for all such conditions. Blackmer & Tanquary, Druggists, Washington C. H., Ohio. And at the best drug stores in every town and city in the county.

CANADIANS WILL TELL THEIR STORY TO MEN OF CITY

A great opportunity to hear of the war first hand, and by men who have spent more than two years in the thick of it and have "gone over the top" time after time and lived to tell the story, will be afforded the men of the city through the generosity of the Temple Lodge of Odd Fellows, of this city.

Two Canadian soldiers, Corporal O'Brien and Sergeant Tear, who are only a short time from the European battle fields, will be in the city Tuesday night of this week, appearing under the auspices of the Odd Fellows, and they will tell their vivid story of the great war, giving a very definite idea of the actual conditions which surround the American forces now on the battle front.

In addition to the Odd Fellows, any man in the city may hear the two soldiers, who speak at the Odd Fellow's Hall at eight o'clock Tuesday night. There is no admission charge.

The two soldiers will be accompanied to this city by Dr. W. L. Towne and H. D. Chaffin, of Columbus.

It is expected that the story told by the two men will be the most vivid of any related in this city regarding the great war.

DIVORCE ACTIONS IN PROBATE COURT

Two divorce suits have been filed in the Probate Court, the plaintiffs represented by John T. Oatneal.

The first is that of Bertha M. Wilson against Wilbur Wilson, in which the plaintiff charges defendant with gross neglect of duty and threatening her life. She asks the court to award her a divorce and suitable alimony, also a restraining order to prevent defendant from interfering with her in any way. They were married in Chillicothe, September 26th, 1912.

The second divorce action is that of Ella Davis against Geo. Davis. The couple were married in Pike County, March 28th, 1895. Neglect of duty is charged.

ONE SUPERINTENDENT IN EACH TOWNSHIP

Under the latest laws there can be only one regular road superintendent in each township, unless the township sees fit to divide the township into three parts and each trustee have charge of one section of the township roads.

The trustees may employ one superintendent for a township, but no more, or one of the trustees may be designated as superintendent of the roads.

This is made plain in a recent ruling from the Attorney General's office and will probably result in some changes in this county.

The county commissioners may name a superintendent of pikes in each township.

PRACTICAL PLAN TO PREVENT THEFT

Sheriff Jones is preparing a plan whereby the frequent thefts of automobiles may be eliminated. He favors painting the license number on the rear of the car so that it can be easily seen, also each car owner having his name on the body of the car.

The plan would be of practical use, as it is almost impossible to identify cars on short notice, it is pointed out.

HUNDREDS OF PLOWS ARE BUSY THIS WEEK

Hundreds of farmers are now engaged in plowing, and thousands of acres of land will be broken before Saturday night, unless the weather conditions are very much different than predicted.

Monday morning plows were started in every part of the county, and in many instances tractors were busy turning furrow after furrow of soil, and doing the work of several teams and men.

Every day from now onward that a plow can be used, will find the farmers busy turning soil for probably the greatest acreage of corn ever planted in Fayette county.

PASSION WEEK SERVICES ST. ANDREW'S CHURCH

The special services during Passion Week at St. Andrews Church will be held on Tuesday, Wednesday and Friday. On Tuesday, Evening Prayer, Penitential Office and sermon by the Venerable Jos. H. Dodson, Archdeacon of Southern Ohio. Wednesday, Holy Communion at 10:30 a. m. Friday Evening Prayer and sermon by the rector at 4 o'clock. The general public will be welcome at any of these services.

LOCAL MEN LEAVE FOR GOVERNMENT JOB

Eight local men left Sunday and Monday morning for Charleston, W. Va., where they will be employed in the construction of a government war plant, presumably the new armor plate plant now under course of construction.

The men are: Frank Reveall, Adam Kinzer, Sherman Delong, E. R. Norris Albert Schultz, J. M. Kershner, George Waters and William Anschutz.

SUCCESS CROWNING REVIVAL SERVICES

The short service at Church of Christ Saturday night was a splendid one. When the invitation was given two went forward.

Sunday morning ushered in a big Bible School attendance. At 10:30 Mr. Groves spoke on the topic "Pilate's Predicament; or What Shall I do With Jesus?" At the close of the sermon two more went forward to unite with the church.

The evening service was to be the crowning climax of the day's work and the church was not disappointed. A large crowd was present, and Mr. Groves was at his best, preaching from the topic "When Life's Books are Balanced." When the invitation song was sung two more went forward to make the confession, making six additions at the last three services. The singing by one of the largest choirs during the week was greatly enjoyed.

At the close of the morning service the official board met in short session and decided that on account of the intense interest manifested the meetings should continue a few nights longer. So there will be services this evening at the usual hour 7:30 when Mr. Groves will use for his subject, "The Keys of the Kingdom." Special singing by the choir. You are invited.
